

Rebekka Steiger

- 1993 born in Zurich, Switzerland
lives in Zurich, works in Lucerne, Switzerland
- 2016 BA (honours) in Fine Arts, Lucerne University of Applied Sciences and Art, Lucerne, Switzerland

Rebekka Steiger is a Swiss painter whose vividly coloured works move fluidly between abstraction and figuration. Working across oil, acrylic, and ink, she creates psychologically charged compositions in which animals, landscapes, and human figures emerge and dissolve within dynamic fields of colour, movement, and gesture.
