Daniel Mettler

born 1965

lives and works in Zurich

Diploma at the Department of Architecture ETH Zurich (DARCH)

Lecturer at the Department of Architecture ETH Zurich (DARCH)

Wiedemann/Mettler is the collaborative practice of Swiss artists Pascale Wiedemann (b. 1966) and Daniel Mettler (b. 1965), who have worked together since 2002. Operating across photography, textile works, sculpture, installation, and architectural interventions, they develop a distinctive artistic language grounded in dialogue, translation, and the interplay between emotional and rational modes of perception.
